PEACE TREATY SIGNED

GUATEMALA, SALVADOR AND HONDURAS NOW AGREE.

A dispatch from San Jose, Guatemals last night says: A treaty of peace between Guatemala. Salvador and Honduras was signed today on board the United States cruiser Marblehead on the high seas, off the Guatemalan coast.

The peace commissioners of Guatemals will be landed today. The commissioners of Salvador and Honduras will be landed at Acajutla early to-

morrow. The members of the American legations will land at the respective points where they are accredited.

There was a strenuous discussion and some difficulty in reaching mutually acceptable conditions. The Mexican minister Senor Gamboa, was active in assisting in oringing about an agreement. The peace commissioners adopted resolu-States and Mexico for their intervention.

The State Department last night was advised of the signing of the treaty of peace by the representatives of the belligerent re-publics aboard the Marblehead. A cable-gram was received from Mr. Merry, the American minister to Salvador, Costa Rica and Nicaragua, announcing that a treaty of peace had been signed on board the American warship. In his message Mr. Merry referred to a joint message sent by himself and Mr. Combs. the American minister to Guatemala and Honduras, which message had not reached the State Department last night. This message, it is be-lieved, gives details as to the conclusions reached, and is awaited anxiously by the officials here. The department has no advices as to the details of this treaty or the

extent of the settlement of the questions.

Washington officials last night expressed great gratification that a peace pact was so promptly agreed upon. The agreement reached today is referred to tonight by officials here as the treaty of the Marblehead, and they expect it to go down in history by

that name. While the Washington officials are not advised of the telms of the treaty or the ques-tions solved aboard the Marblehead, they assert full assurance that the action is sufficient to assure peace in Central Amer-ica, and that they regard as the matter of first consideration. first consideration.

The international or political questions,

is understood here, are yet to be solved, and it is pointed out that these may be brought before a commission of the states immediately involved, or might possibly be a matter for a congress, composed of rep-resentatives of all the Central American states, to consider.

Nothing was received at the Navy Department last night to throw any light upon the conference aboard the Marblehead, and

it was stated that Commander Mulligan of that vessel would do no more than report the movements of his vessel, leaving it to the American diplomatic representatives to report to Washington any news of the Mr. Munoz, the Guatemalan minister, was advised by newspaper men last night the signature of the peace treaty. He said he had received no official advices since his

announcement regarding Guatemalan repre-

sentation at the peace conference.

The President Gratified. President Roosevelt was unofficially informed at Oyster Bay last night of the signing of the treaty of peace between Guatemala, Salvador and Honduras today on board the American cruiser Marblehead. The news was very gratifying, but it was said no statement would be given uot by the President until word of the successful culmination of the negotiations undertaken by the United States and Mexico reacher Sagamore Hill through official channels. This will probably be today.

History of the Trouble.

The Central American war, which made fair to involve four or more republics in addition to the two originally concerned-Salvador and Guatemala-began in May with the departure of expeditions from Salvador to assist a Guatemalan revolution, under the leadership of Gen. Toledo, Engagements with varying results were fought between the insurrectionary forces and those of the government of Guatemala until Salvador formally entered the conflict. A little later a Guatemalan force entered Honduras, the result being to array that republic on the side of Salvador.

The moment the trouble passed beyond the phase of an internal disturbance the government at Washington set about instituting measures for the re-establishment of peace. The cruiser Marblehead was ordered from Panama to La Libertad, with directions to report to Leslie Combs, American minister to Guatemala and Honduras, and ister to Costa Rica, Nicaragua and Salvador, were instructed to use their best endeavors with the belligerents to bring the E. Thompson, American ambassador to Mexico. was instructed to make such representations to the Mexican government as might enlist its efforts for the same end, Mexico's desire for peace between its neighbors being well known. Mexico entered heartily into the project, and its diplomatic representatives in Guatemala and Salvador were instructed to co-operate with

Ministers Merry and Combs.
Guatemala, Salvador and Honduras agreed to an armistice, beginning at 5 o'clock on the morning of July 18, in order that rep-resentatives of those governments might meet with the American and Mexican diplomats on board the cruiser Marbiehead to consider terms for a treaty of peace. The conference began July 19, the cruiser being then on the high seas off the coast of Guate-mala, the Marblehead being practically neutral territory. The negotiations proceeded expeditiously, with the result that terms mutually acceptable to the three republics

NEW YORK, July 21 .- Reports that \$200,-000 had been stolen from the National Park Bank of this city were published today as a result of the arrest of Edward Frost, a clerk of the bank, charged with the larceny of \$150. It also was reported that other persons were involved in the shortage, but officials of the bank declared that \$150 would cover the bank's' loss: Frost was suspended from the bank's employ on Wednesday and arrested late last night. He was arraigned today on a charge of grand larceny and held in \$2,500 for further examination. It was charged in court that Frost had taken \$150 from the cash drawer and substituted canceled checks for that amount. The prosecution alleged tain bank clerks who needed small sums of tain ank clerks who needed small sums of money, which they paid back out of their own pockets later. Representatives of the National Park Bank said they were deter-mined to break up this alleged practice.

NOT TO LIVE MARITAL LIFE. Novel Departure of Colorado Dominie and Helpmate. COLORADO SPRINGS, Col., July 21 .-

Believing they have been violating the teachings of the Holy Bible for the past five years, the Rey. J. D. Christie, pastor of the new mission church of this city, and his wife, both of whom were divorced before being married, publicly announced at a revival service attended by several hundred people last night that henceforth they would not live as man and wife. However, they will continue to live under the same roof as brother and sister. The announcement was made after Rev. Charles Savage, pastor of the People's Church of Omaha had delivered a sermon

SUDDEN DEATH.

Past Commander Taliaferro of Astor Camp Passes Away.

The death of Capt. William Hunter Tallaferro, past commander of Col. John Jacob Astor Camp, United Spanish War Veterans, and a popular member of the Department of the District of Columbia, died suddenly about 12 o'clock last night at Providence Hospital. The immediate cause of his death was disease of the heart. He had been ill for several days, but his death was not expected and came as a shock, especially to he members of the District department.

Deceased was thirty-seven years of age Deceased was thirty-seven years of age and was born at Fredericksburg. Va., his father having been postmaster of that place for a long time. His mother, who resides at Fredericksburg, and a brother, who is a citizen of Norfolk, Va., survive him. Capt. F. J. Sullivan, commander of Astor Camp, Department Commander Jo.'n Lewis Smith and Mr. Jeremiah Costello, national councilman of the United Spanish War Veterans, and other members, have taken charge of the remains, and they will be removed to the United States Soldiers' Home for interment, after the services of the

for interment, after the services of the Catholic Church and the Spanish War Vet-erans have been conducted. The burial will be with military honors in the cemetery at the Soldiers' Home.

Capt. Taliaferro had many friends in this city and his native state—Virginia. He

served with honor as a member of Battery G. 4th United States Artillery, during the war with Spain. The enervating climate of the tropics proved to be too severe for him and he was discharged soon after peace ferer of a combination of allments including heart disease. Arrangements for his funeral are being made this afternoon. Capt. Sullivan has called a meeting of Astor Camp for this evening at the Soldiers' Home to take action in the matter.

EXCURSIONS

An evening ride down the breezy Potomac aboard the splendid new steamer Jamestown is a pleasure not readily to be forgotten. These excursions are made seven evenings a week, leaving at 7, returning at 11. The speed of this new Norfolk and Washington boat makes it possible to complete a sail of eighty miles, forty down and forty returning, in the brief space of four hours. Aside from the com-fort of the refreshing sail, and the satis-faction derived from the knowledge that the steamer can neither sink nor these outlings possess many other attractions. There is dancing aboard, a large deck being reserved for that purpose and an excellent orchestra provided. This deck is inside and has a perfect floor, all outer decks being rubber tiled to insure secure footing. An especially appreciated feature is the dining saloon, wherein one may dine as substantially or as lightly as the appeday trips are made by the Jamestown Sundays, from 9 in the morning to 6 in the evening, to the lower Potomac. Children are carried on day and evening trips at half fare. The Jamestown is berthed at the ferry wharf.

From the constantly increasing attendance it is apparent in what stanch re-gard the pleasure-seeking public holds Chevy Chase Lake. In the evening all the various amusements are going, providing as diverse means of recreation as the average person can demand. The special feature is the Marine Band concerts, given Sundays, when there is, of course, no dance ing, a program of extra length is rendered. The beautiful illuminations at Chevy Chase Lake are a constant source of pleasure to visitors.

A delightful and at the same time in-expensive means of spending Sunday out of town is afforded by the week-end ex-cursions of the Norfolk and Washington Steamboat Company to Old Point Comfort and Virginia Beach. These trips are made Saturday evenings at 6:30, returning to town early Monday morning, with round-trip tickets at materially reduced rate, Tickets for these special trips are only on sale Saturdays, but one may engage state rooms in advance, which is advisable, because of the great demand.

As practical and successful a mode of escape from the heat of town as can be found is to board the electric car and speed to the suburbs distant from asphalt pavements and the heated brick confines of the city. From Chevy Chase Lake trolleys run half-hourly to Kensington, traversing Rock Creek valley and affording the en-joyment of an abundance of pure refreshing country air. Wheaton, Garrett Park, Capitol View and other points are within easy walking distance of Kensington. One of the greatest sources of satisfac-

tion travelers via the Washington-Sunset route enjoy is the freedom from smoke and soot, trains on this railway being many other reasons this is by far the most preferable route to California. Spe-cial rate tickets are sold for excursions via this route, and the trains carry stand-ard equipment observation and dining cars in addition to excursion sleeping cars. Personally conducted excursions are made three times weekly from Washington. For information as to stop-overs, tickets, etc., apply at the office of A. J. Poston, 511 Pennsylvania avenue. Tickets for trans-Pacific routes are also on sale at this

It would be difficult indeed to find a more pleasant outing than a trip to Mar-shall Hall tomorrow on the steamer Charles Macalester. Marshall Hall is always popular on account of its beautiful grounds and its many amusements, while the excellent dinners to be had are at-tractions which most outing parties seek. The band concerts on the boat and grounds are as pleasing as ever, and a program of all the latest music has been arranged for tomorrow. The steamer Charles Macales-

The big sidewheel steamer St. Johns will make her regular Saturday night and Sunday morning trips to Colonial Beach, leaving her wharf here at 5:45 o'clock this afternoon and 8:45 a.m. tomorrow. The regular season is now open at the Peach, and the St. Johns is making trips daily except Monday. The hathing at Codaily except Monday. The bathing at Colonial Beach is reported to be exceptionally fine this year, and crabs are more plentiful than they have been for several years. The fishing is excellent, and alto-gether Colonial Beach is a delightful

place to visit, if only for the day. River View is a delightful place to spend a quiet Sunday, away from the hot streets of the city. All the amusements at the resort will be in full operation all day tomorrow, and concert music will be a feature of the day's pleasure. The left of t a feature of the day's pleasure. The steamer Queen Anne will make three trips, leaving here at 11 a.m., 2:30 and 6:30 p.m. The morning and afternoon trips will be to River View only, but the evening trip, after stopping at River View, will be continued down the river. On the return trip the steamer will again stop at River View, and will reach home about 10 p.m.

Husband Sues for Divorce.

Proceedings for an absolute divorce were instituted today in the District Supreme Court by Roger F. Barker against Dorothy Barker. They were married January 3, 1905, and "after eighteen months of married life, replete with bickerings, threats and attempts to inflict bodily harm," Mr. Bar-ker says, he is weary of his burden. Mr. Barker charges infidelity and names a co-respondent. Attorney W. C. Balderson represents the petitioner.
